HUBUSKA

Contract No. INCO-CT-2003-003401

Open Workshop
Generic issues of knowledge technologies
Budapest, Hungary, 14 – 15 September, 2005

CALL FOR PAPERS AND PARTICIPATION

Aims and Scope

The workshop objective is to present and discuss current trends and achievements in the field of generic models and approaches of the knowledge technologies - base of the modern knowledge-based and context-sensitive software systems and of the embedded intelligence applications as well of the notion of intelligent content processing.

The workshop will present the work in the current European project under the FP6 programme **Specific Support Actions**: Contract No. INCO-CT-2003-003401 HUBUSKA "Networking Centres of High Quality Research on Knowledge Technologies and Applications".

The workshop also invites submissions about current developments of intelligent computer systems applying the methods and instruments of knowledge management and processing.

Topics

The workshop topics include but are not limited to:

- Knowledge acquisition and modelling
- Knowledge share and use
- Intelligent agents – models and platforms
- Multi-agent applications
- Semantic Web approaches, systems and services
- Intelligent content creation, management and use
- Intelligent eLearning applications

Paper submission

Papers should be submitted electronically to dochev@iinf.bas.bg in MS WORD format. Papers should be written in English and should be no more than 15 pages (including figures) in Times New Roman font, size 12pt, single line spacing. The first page should contain the title of paper, names and addresses of all authors (including e-mail) and an abstract (100-150 words). A sample Word template file will be send to the authors.

The Proceedings of the workshop will be published.

Workshop programme and organising committee

Ottó Hutter (*Co-Chairman*), MTA SZTAKI eLearning Department, Hungary
László Böszörményi (*Co-Chairman*), Institute for Information Technology (ITEC), University Klagenfurt, Austria
Danail Dochev *(Editor),* Institute of Information Technologies at the Bulgarian Academy of Sciences – IIT BAS, Bulgaria
István Simonics *(Editor),* MTA SZTAKI eLearning Department, Hungary
Radoslav Pavlov *(Editor)*, Institute of Mathematics and Informatics at the Bulgarian Academy of Sciences – IMI BAS, Bulgaria

Language

The official language of the Workshop is English.

Important Dates

September 03, 2005 – Confirmation of participation, accommodation information
September 06, 2005 - Deadline for receipt of papers for review
September 10, 2005 - Notification of acceptance

Contact Addresses

For participation and accommodation information:
István Simonics
MTA SZTAKI H-1111 Budapest, Lágymányosi u. 11.
Tel.: +3630 211-4871   Fax: +361 2095269
e-mail: simonics@sztaki.hu

For paper submission:
Danail Dochev
IIT – BAS, Acad. Bonchev st., bl. 2. 1113 Sofia
Tel.: +359 2 8707586   Fax: +359 2 720497
e-mail: dochev@iinf.bas.bg
